

The logo for 'ecoguard' is centered in the upper portion of the image. It consists of the word 'ecoguard' in a bold, black, sans-serif font, with a small 'TM' trademark symbol to its upper right. The text is enclosed within a white, horizontally-oriented oval shape that has a thick green border. The background of the entire image is a photograph of a modern office hallway. On the left, there is a wooden desk with a black mesh privacy screen. The floor is covered in a carpet with a pattern of large, overlapping red and orange ovals on a greyish-brown base. In the background, a white door with glass panes is visible.

ECOGuard
revolutionary factory-applied
low VOC maintenance coating

ECOSurfaces
resilient surfacing

FEATURES

- Reduced maintenance and material costs
- Protection from dirt and scuff marks
- Quicker installation
- Long lasting durability for low life-cycle costs
- Eliminates the need for initial on-site sealant
- Water-based composition to meet stringent indoor air quality standards

ECOGuard is a revolutionary coating designed to preserve the beauty of ECOSurfaces commercial flooring. It is a factory-applied finish that protects the floor from dirt and scuff marks, significantly reducing maintenance and cleaning costs. This water-based polymeric coating meets the most stringent indoor air quality standards as stated by the state of Washington to protect those walking on the surface.
